Dear Unitholder:

An Independent Review Committee (the “IRC”) of the Galileo Funds listed above (the “Funds”) was appointed by Galileo Funds Inc., the manager of the Funds (the “Manager”), on May 1, 2007 and became operational on July 10, 2007 pursuant to *National Instrument 81-107, Independent Review Committee for Investment Funds* (“NI 81-107”). The members of the IRC have expertise in a variety of fields, including financial institutions, investment funds, other investment businesses and accounting. This is its first annual report to unitholders of the Funds under the requirements of NI 81-107.

Securities regulators have given the IRC a mandate to review mutual fund conflict of interest matters identified and referred to the IRC by the Manager and to give its approval or recommendation, depending on the conflict of interest matter. The IRC’s focus is on the question of whether the Manager’s proposed action achieves a fair and reasonable result for the Funds. At least once per year, the IRC will also review and assess the adequacy and effectiveness of the policies and procedures relating to conflict of interest matters in respect of the Funds, and will also conduct a self-assessment of the IRC’s independence, compensation and effectiveness.

The IRC looks forward to continuing to serve in the best interests of the Funds and working effectively with management for the Funds.

Chair of the Independent Review Committee

(c) *Service providers*

As at December 31, 2007, no member of the IRC beneficially owned, directly or indirectly, any class or series of voting or equity securities of a person or company that provides services to the Funds or the Manager with respect to its fund business.

IRC Compensation and Indemnities

The aggregate compensation paid by the Funds to the IRC for the approximately six-month period from the commencement of operations of the IRC on July 10, 2007 to December 31, 2007, was \$15,000. This amount was allocated among the Funds in a manner that is considered by the Manager to be fair and reasonable to the Funds. The initial compensation of the IRC was set by the Manager. As at the date of this report, each member of the IRC receives an annual retainer of \$10,000. At least annually, the IRC will review compensation giving consideration to the following:

1. the best interests of the Funds;
2. industry best practices, including industry averages and surveys on IRC compensation;
3. the number, nature and complexity of the Funds for which the IRC acts; and

4. the nature and extent of the workload of each member of the IRC, including the commitment of time and energy that is expected from each member.

No indemnities were paid to the IRC by the Funds or the Manager during the period.

Conflict of Interest Matters

When a conflict of interest matter arises, the Manager must refer the matter, along with its proposed action, to the IRC for its approval or recommendation, depending on the nature of the conflict of interest matter.

The IRC is not aware of any instance in which the Manager acted in a conflict of interest matter but did not meet a condition imposed by the IRC in its recommendation or approval. The Manager has an obligation to notify the IRC of any such instances.

Policies and Standing Instructions

The Manager has policies and procedures in place to address each of the actions listed in this report. For each of these actions, the IRC has issued standing instructions to the Manager that require the Manager to comply with its related policy and procedures and to report periodically, and at least annually, to the IRC.

Approvals

Pursuant to the provisions of NI 81-107, certain transactions in respect of the Funds may not be undertaken by the Manager without the approval of the IRC. During the period ended December 31, 2007, the Manager did not seek or rely on the IRC's approval for any such transactions.

Recommendations

During the period ended December 31, 2007, the Manager relied on positive recommendations and standing instructions granted by the IRC with respect to the following conflict of interest matters:

1. Funds Investing in other Galileo Funds: There is the potential for a duplication of management fee paid by the investing fund and the timing of purchase and redemption transactions may not be in the best interests of the investee fund.
2. Allocating Fund Expenses: The Manager recovers from the Funds operating expenses that it pays on behalf of the Funds. There is a potential conflict of interest in allocating Fund expenses because the Manager may be motivated to favour one Fund over another or to allocate expenses to Funds that the Manager should be bearing itself.

The IRC is **not** aware of any instance in which the Manager acted in a conflict of interest matter referred to the IRC for which the IRC **did not** give a positive recommendation. The Manager has an obligation to notify the IRC of any such instance.
